# DIY Artificial Insemination of Livestock

## ACCREDITED COURSE FOR FARMERS

Our courses are held on farms throughout Qld, NSW and Victoria. The course includes three (3) days of theory and practical training with assessment activities.

Successful completion results in a Nationally Accredited Statement of Attainment for AHCAIS304 Artificially Inseminate Livestock.

The course is interactive and hands-on with practical instruction on the insemination process.

Practice on live cows and receive immediate feedback from our experienced instructor - Paul Kenny.

Paul has over 33 years of experience in the cattle artificial breeding industry. He worked for Herd Improvers Australia and Riverina Artificial Breeders Australia before starting his own business as a cattle artificial breeding consultant. In addition to AI, Paul semen tests over 6,000 bulls per year, is an accredited Breedplan Muscle Scanner and trained Morphologist.

**ENROL TODAY** and take control of your breeding choices. Inseminate at a time that suits your farming practices whilst saving time and money!

For more information or to book into our next AI course in your area contact Jennifer today.
